*Learn the guidelines and principles of a quality program.
What are some tools to help with the planning process when
you are developing new programs.*

The Youth Service Worker Training Program provides monthly workshops on topics pertinent to youth service providers and anyone who works with youth in any setting throughout Louisville.

A variety of topics are presented by local and regional facilitators.

These monthly trainings offer a great networking opportunity to youth workers.

Participants learn from trained facilitators and sharpen their professional skills by sharing information with the other participants. Come ready to seek input on current challenges or to share successes on best practices.

Please RSVP to: geoff.norman@louisvilleky.gov

REGISTRATION: Training workshops are **FREE** but advance registration is requested to ensure appropriate number of handouts are prepared. On-site registrations are always welcomed.
